

Afzelia

ENVIRONMENTAL CONSULTANTS

CURRICULUM VITAE

SUGENDRI PILLAY

B.A.S - UKZN, M.Arch - UKZN, MIArch, KZ-NIA

Sugendri graduated with a BAS Degree from the School of Architecture at the University of Kwa-Zulu Natal. After a number of years of experience with MABi Architects, Sugendri eventually returned to University to complete her Masters Degree. A Partner of MABi Architects, Sugendri is experienced in all facets of Architecture and is particularly interested in the Green Building Design and its application in everyday living. This interest was sparked by her father's lifelong passion for the natural sciences and his career as a Zoology lecturer, as well as his active participation in environmental matters in the North Local Council. As an Architect Sugendri has been involved in Environmental Management issues via Afzelia's sister practice, MAB iKhwezi Architects cc.
