CURRICULUM VITAE

JONATHAN MOON

Specialist Consultant Health & Safety

Jonathan Moon has 23 years' experience in the construction industry, having worked on both large and small projects in various capacities. He became involved in OHS in 2002 while employed as Divisional Manager of the Master Builder's Association in Pietermaritzburg. During his time with the MBA, he successfully passed the MBSA OHS Auditors examination and conducted audits on numerous sites in KwaZulu-Natal. Johnny is passionate about Health and Safety, believing that safety needs to become second nature, and that this should be implemented in aspect of every project, from conception to completion. He is fluent in Zulu and has had great success in building relationships from grass roots right up to boardroom level. Johnny is an accredited Health and Safety Practitioner with SAIOSH and IOSH.
