ENVIRONMENTAL CONSULTANTS

CURRICULUM VITAE

JOLEEN WILSON

BSc (Hons) Environmental Management – UNISA
Environmental, Health and Safety Consultant

Joleen graduated from the University of KwaZulu Natal with her undergraduate degree in Geography and Environmental Management. She then completed her Bachelor of Science Honours in Environmental Management from the faculty of Agriculture and Environmental Sciences at the University of South Africa. Joleen has gained 6 years of Environmental, Health and Safety experience while working both nationally and abroad. Her previous posting was at greenfield development in West Africa where she was responsible for environmental, health and safety compliance.

Joleen has a passion for carbon footprinting and this has led her to complete her carbon footprinting analyst courses with which she hopes to engage both the corporate and private sector. Joleen has 3 years of environmental consulting experience and is a member of the KwaZulu-Natal branch of the International Association for Impact Assessment (IAIA).
