

**Afzelia**  
ENVIRONMENTAL CONSULTANTS

## CURRICULUM VITAE

### PAIGE POTTER

**MSc Zoology- Stellenbosch University  
Ecologist and Avian Specialist**

Paige completed her undergraduate degree at Stellenbosch University in Conservation Ecology and went on to do her MSc at Nelson Mandela Metropolitan University, in Port Elizabeth. Her Master's dissertation was a bottom-up ecosystem study which investigated the effects of environmental factors on the abundance of sardine and anchovy in the Eastern Cape and further, how these pelagic fish fluctuations affect parameters of seabird health.

Paige has experience primarily in avian and mammal identification and sampling. Paige has 1 year of consulting experience and is a member of the KwaZulu-Natal branch of the International Association for Impact Assessment (IAIA).
