

**Afzelia**  
ENVIRONMENTAL CONSULTANTS

## CURRICULUM VITAE

JACOB SCHRIJVERSHOF

**ACADEMIC QUALIFICATION**

**MSc (Aquatic Health) – North West University**

**Wetland and Aquatic Ecologist**

Joppie has obtained a MSc. in Aquatic Ecology from the North West University, Potchefstroom. His Master's thesis involved studying the biology and ecology of fishes of the Orange/Senqu River in Lesotho. He is an aquatic ecologist, specializing in freshwater systems. Joppie has been involved in the aquatic and wetland work for housing developments, waste water treatment works, road upgrades and pipeline projects.

Joppie's interest lies in aquatic science as well as river functionality and management. He is also a member of the International Association for Impact Assessment (IAIA) as well as the Southern African Society of Aquatic Scientists and is currently undergoing several wetland courses and workshops. Joppie has 1.5 years of consulting experience.
