ENVIRONMENTAL CONSULTANTS

## CURRICULUM VITAE

### ANDREW BATHO

MSocSci Geography and Environmental Management – UKZN  
Director/Principal Environmental Consultant  
EIA Specialist and General GIS Mapping

Andrew graduated with a BSocSc (Masters) in Geography and Environmental Management from the School of Environmental Sciences, University of KwaZulu-Natal, Durban. His Master's dissertation investigated the use of Wetland Bird Species as Indicators of Land Cover Change within the uMgeni Estuary and Beachwood Mangrove Swamps. His interest lies primarily in wildlife and ecosystem monitoring and management and he has been involved in a variety of research assignments including identification of sites for the purpose of bio fuel production in Western Africa. Andrew has approximately 7 years consulting experience and is a member of the KwaZulu-Natal branch of the International Association for Impact Assessment (IAIA) and International Association of Public Participation (IAP2).
